

SCHOOL SOCIAL WORKERS

Prairie Rose School Division (PRSD) recognizes that many factors contribute to a student's learning and well-being. Some of the factors that may impact students' learning and well-being include:

- Social interactions and emotional functioning,
- mental health,
- school attendance,
- stress
- trauma

PRSD School Social Workers work with students, families, school staff, and communities to support students to optimize their learning, achievement and well-being.

ABOUT OUR SERVICES

SERVICES FOR PARENTS/FAMILIES

- Family and school collaboration to strengthen student learning
- Strengthen parent and child relationships to enable the child to function more effectively in school & community
- Facilitate and support connections to school and community resources
- Education and awareness of safe social media and internet use
- Navigating challenges related to COVID-19

SERVICES FOR STUDENTS:

- Assessing students with mental health concerns
- Counselling around issues of anxiety, attachment, family dynamics and transitions
- Develop intervention strategies to increase academic success.
- Helping children develop social emotional skills.
